

ACCESS BANK LAUNCHES “SAVE AND WIN” CAMPAIGN TO REWARD SAVERS WITH BIG PRIZES

Gaborone, Botswana – Access Bank Botswana is proud to announce the launch of its inaugural “Save and Win” promotion, a savings promotion designed to reward customers for building their financial future. Running from June 1 to November 30, 2025, the campaign offers participants a chance to win incredible prizes, including a brand-new Toyota Corolla Cross, simply by saving with Access Bank.

The “Save and Win” promotion is open to both new and existing customers who save using one of two specialized savings products: the Maungo Saver or Morobi Investment Account. Customers are invited to grow their money and get rewarded for doing so.

To participate in the Save and Win promotion, customers simply need to open either a Maungo Saver or Morobi Investment Account and maintain a qualifying balance. Those who save P25,000 or more will automatically be entered into the grand prize draw, which features a brand-new Toyota Corolla Cross as the top prize, along with P50,000 cash prize for second place and P25,000 cash prize for third place. Customers who maintain a balance of P10,000 or more will qualify for monthly draws, where three lucky winners will each receive P5,000 in cash every month throughout the promotion period.

Each month brings new chances to win for qualifying savers, culminating in the exciting grand prize draw at the end of the promotion.

The Morobi Investment Account is designed for customers with big financial goals in mind, whether it’s purchasing property, making a long-term investment, or securing a future milestone. It offers upfront interest, allowing customers to know exactly what they’ll earn from the start, with a minimum deposit requirement of just P1,000 for a one-year term.

On the other hand, the Maungo Saver is a flexible savings solution that gives customers convenient access to their funds when needed. It allows withdrawals of up to 20% of the balance at any time for emergencies, while still delivering a highly competitive interest rate of up to 8.5% paid monthly. Best of all, customers can start saving with as little as P100.

“We’re excited to launch the Save and Win promotion which celebrates and rewards our customers’ for financial discipline,” said Shathiso Choto Access Bank

Botswana Head of Retail. “This campaign empowers our customers to take control of their financial journeys. Whether you’re saving for a dream, a home or a rainy day, this promotion gives you even more reasons to grow your money with us.”

Customers can open a qualifying account at any Access Bank Botswana branch and begin saving immediately to become eligible for the prize draws.
